

FloorMate80E

Small unit, big results!

—
 Fully Electric

—
 Eco Friendly

—
 Easy operations

—
 Non-Consumable

Specifications:

Power Source: Mixer power to consist of 110V, 15A (standard wall outlet). 1.5HP electric motor (with a kill switch). Material pump power source to be 240V single phase, 30A. 7.5 HP electric motor (with an e-stop).

Mixer: Patented Contra-Blend design, 5 cubic foot capacity, twin ribbon paddles with wiper blades, packing type seal chambers and support bearings on all shafts. Body constructed of twin, interconnected, horizontal drums. Mixer empties without tilting. *Rubber lined and adjustable packing optional.

Material Pump: Strong #80 chain driven progressive cavity pump with half-length rotor and stator. 5ft³ holding hopper. Adjustable output rate, 0-30 GPM. *See options list for full length rotor stator option. Pressure increases for higher vertical distances

Water System: A variety of water systems are available. Contact Strong Manufacturing for water system options.

Frame: Lightweight frame constructed from low carbon steel, equipped with casters for ease of placement.
